EXPERIENCE

Bloc

UX Design Apprentice | Jan 2019 – Sept 2019

- Completed 600+ hours of UX and UI design and frontend development work under mentorship of an accomplished senior UX professional.
- Conducted user research to create personas, market research, user stories & flows, site maps, and wireframes in varying fidelities.
- Developed brand identities from brand logo to typography, color palette, and style guide.
- Tested prototypes and iterated based on feedback.
- Designed the visuals with UI patterns for an overall sense of simple and elegant aesthetics.

Ernst & Young, LLP

Assurance Senior | Aug 2015 – Apr 2019

Clients: Apple, Arista Networks, Guess?, NGM Bio (IPO)

- Implemented analytical procedures for a global retailer, including the mapping of 1700 accounts and the design of analytic procedures. This expected to reduce 60 audit hours and improve audit evidence in year 2.
- Worked directly with Supply Chain Finance and IT teams to reduce stress points in the inventory audit procedures by eliminating manual procedures and improve efficiency.
- After deadlines were met, I led collaborative meetings between our team and client teams to discuss improvements points. This led to improved client relations and collaboration.
